

All aboard, the spaceship is lifting off!

Milandu and Ayo love space.
They make a wish to fly to the moon.
When a spaceship suddenly lands
beside their window, the adventure
can begin!

Over to you! Have fun reading,
problem-solving and joining in.

FLIGHT TO THE MOON

Our adventure

Our adventure

FLIGHT TO THE MOON

Our adventure

FLIGHT TO THE MOON

Reading, colouring in and puzzles

Over to you! This book is packed full of reading and other fun activities for you. There is drawing, puzzle-solving and much more for you to do alongside the story.

Colour in and get creative!

Solve the puzzle!

Trace or find the right one!

Milandu, Ayo, Vega and you!

Ayo

Milandu

Your name

Vega

Now it's your turn!
Draw a picture of
yourself in the frame!

1. The wish

Milandu and Ayo are playing in the playroom.

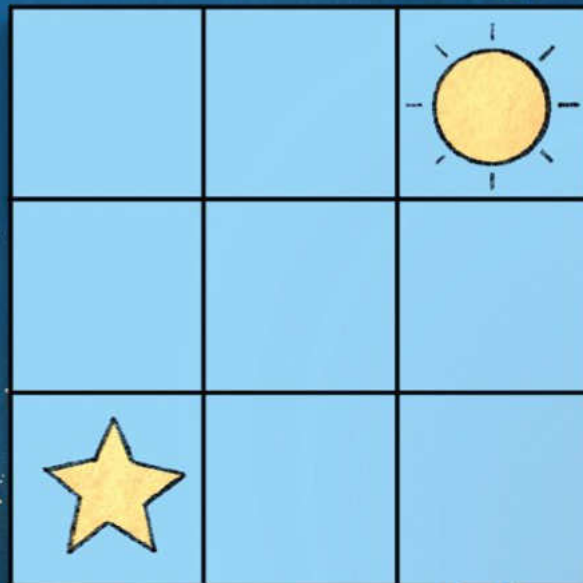

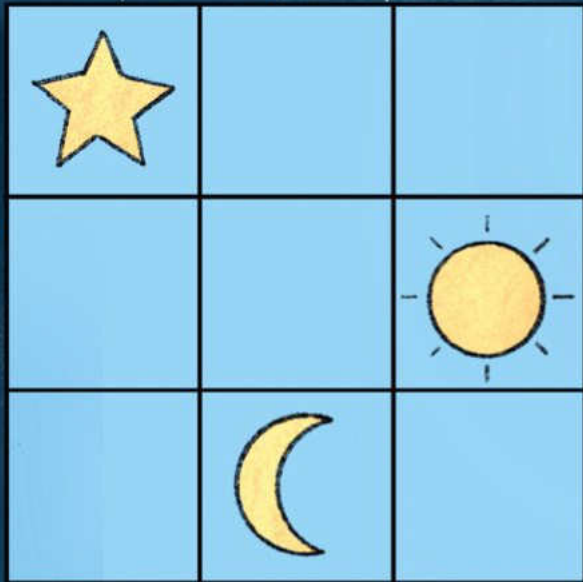

AAARRRGHH!

Join in!

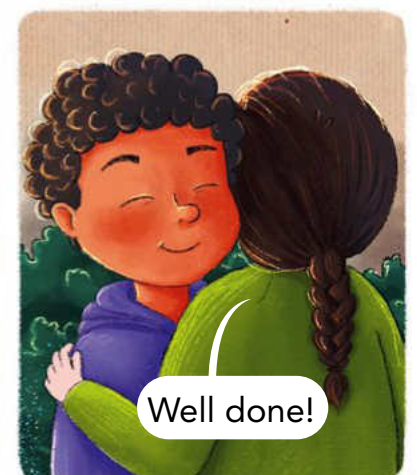

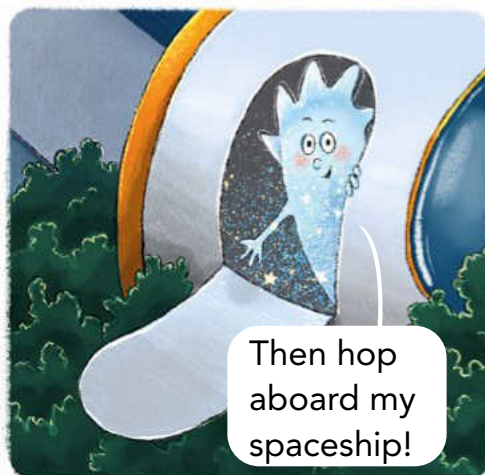

What goes where?
Each symbol should only appear once in every row and column.

2. The spaceship

Luckily, nothing happened.

Shortly after.

Join in!

Two pictures of Vega are the same.
Can you find them?

3. Space

A little later...

There's the moon!

Look at the pencil!

Cool!

Everything floats around in space!

Can we float around too?

Sure!

CLICK!

CLICK!

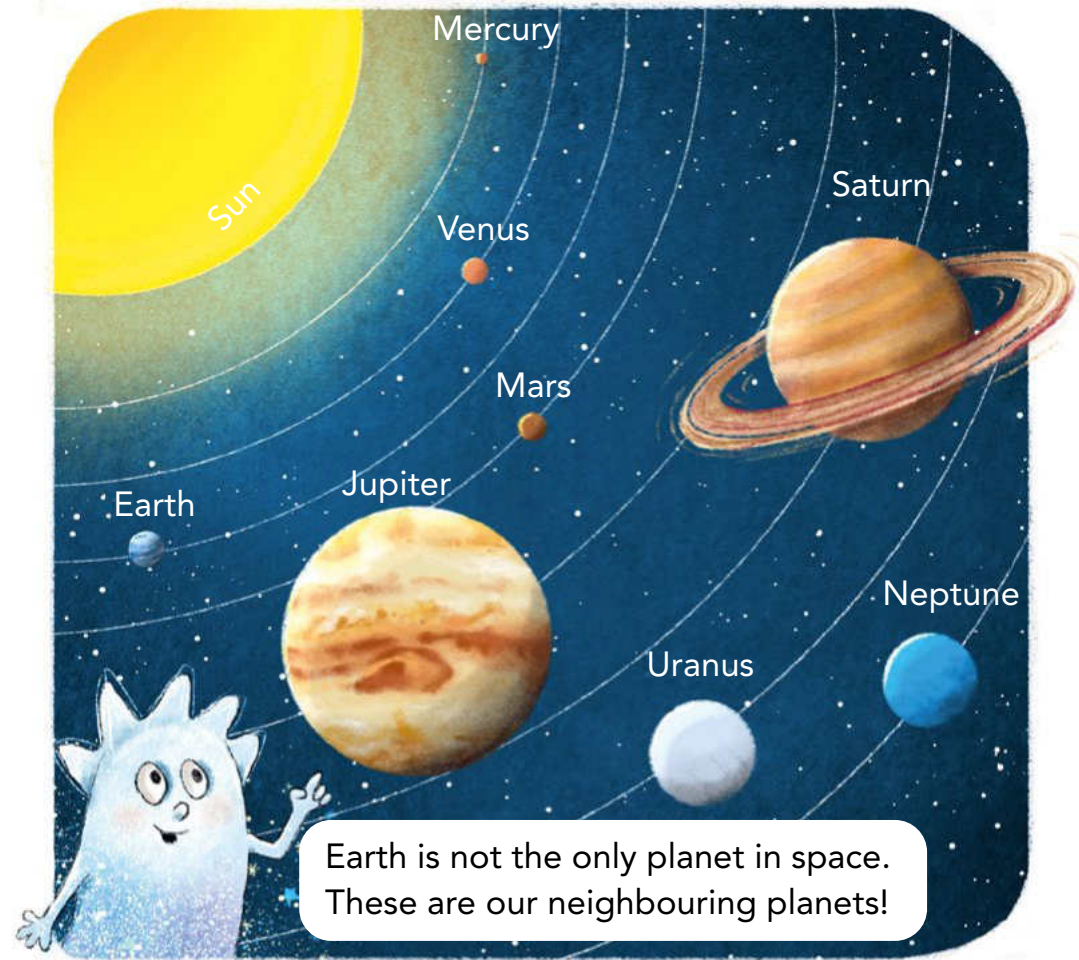

I'll get my magic telescope.

OOOH!

Earth is not the only planet in space. These are our neighbouring planets!

Your planet is so beautiful!

I think so too.

Can you take us to the moon?

Sure!

Join in!

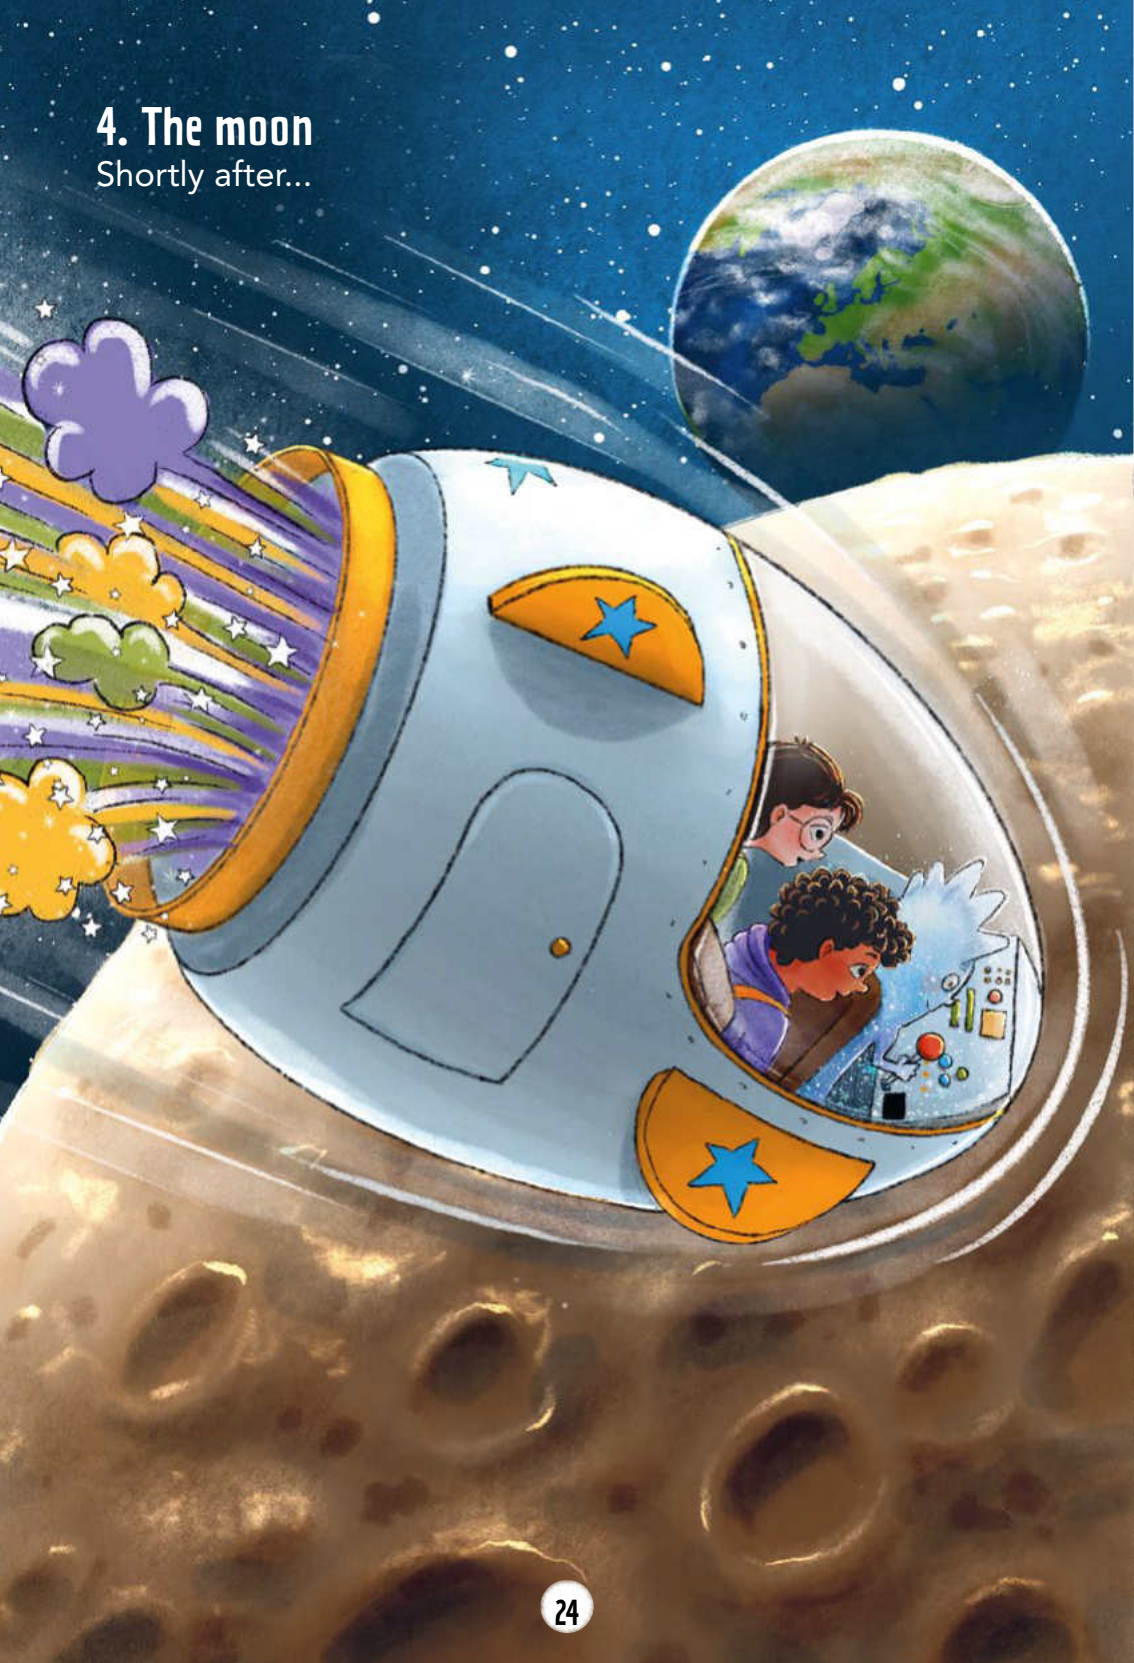

Six mice have hidden inside the spaceship. Can you find them?

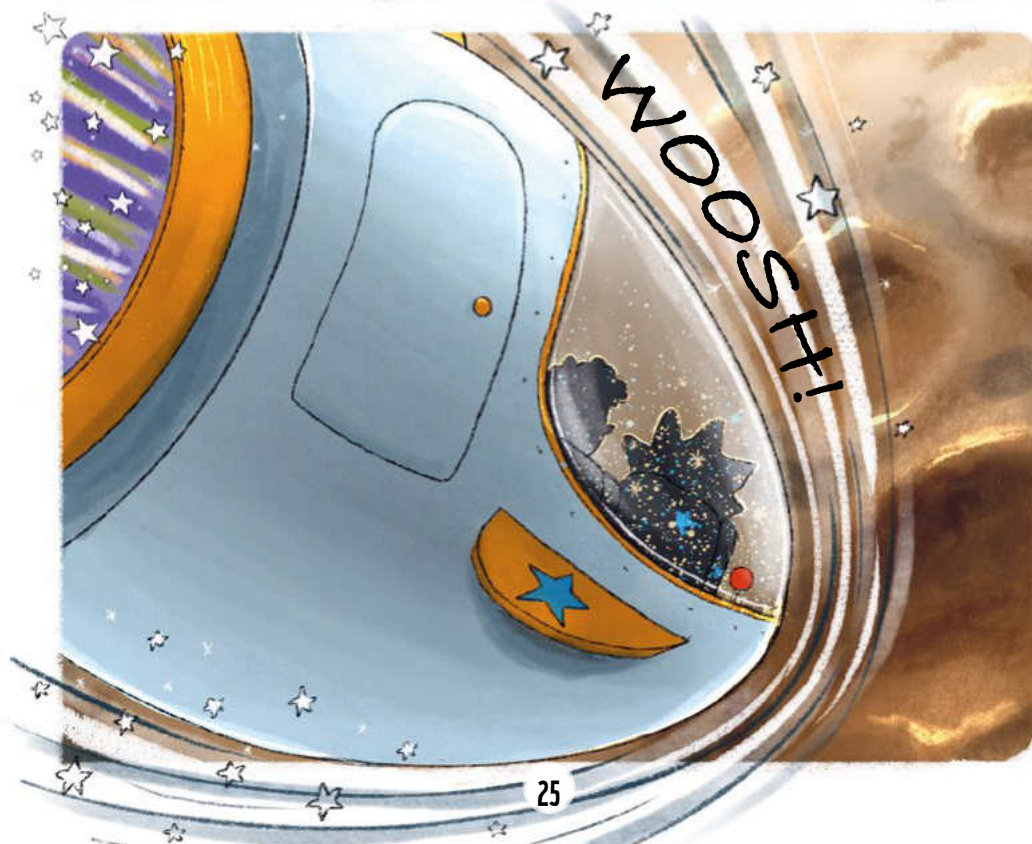

Find the answers at the back of the book on page 48.

4. The moon

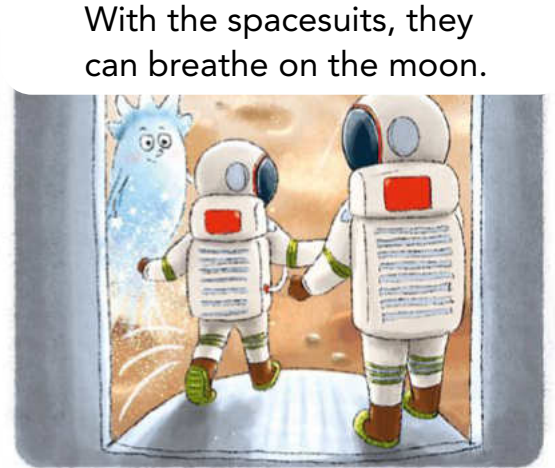

Shortly after...

We're landing!

We have to repair the spaceship.

We'll help you.

Definitely!

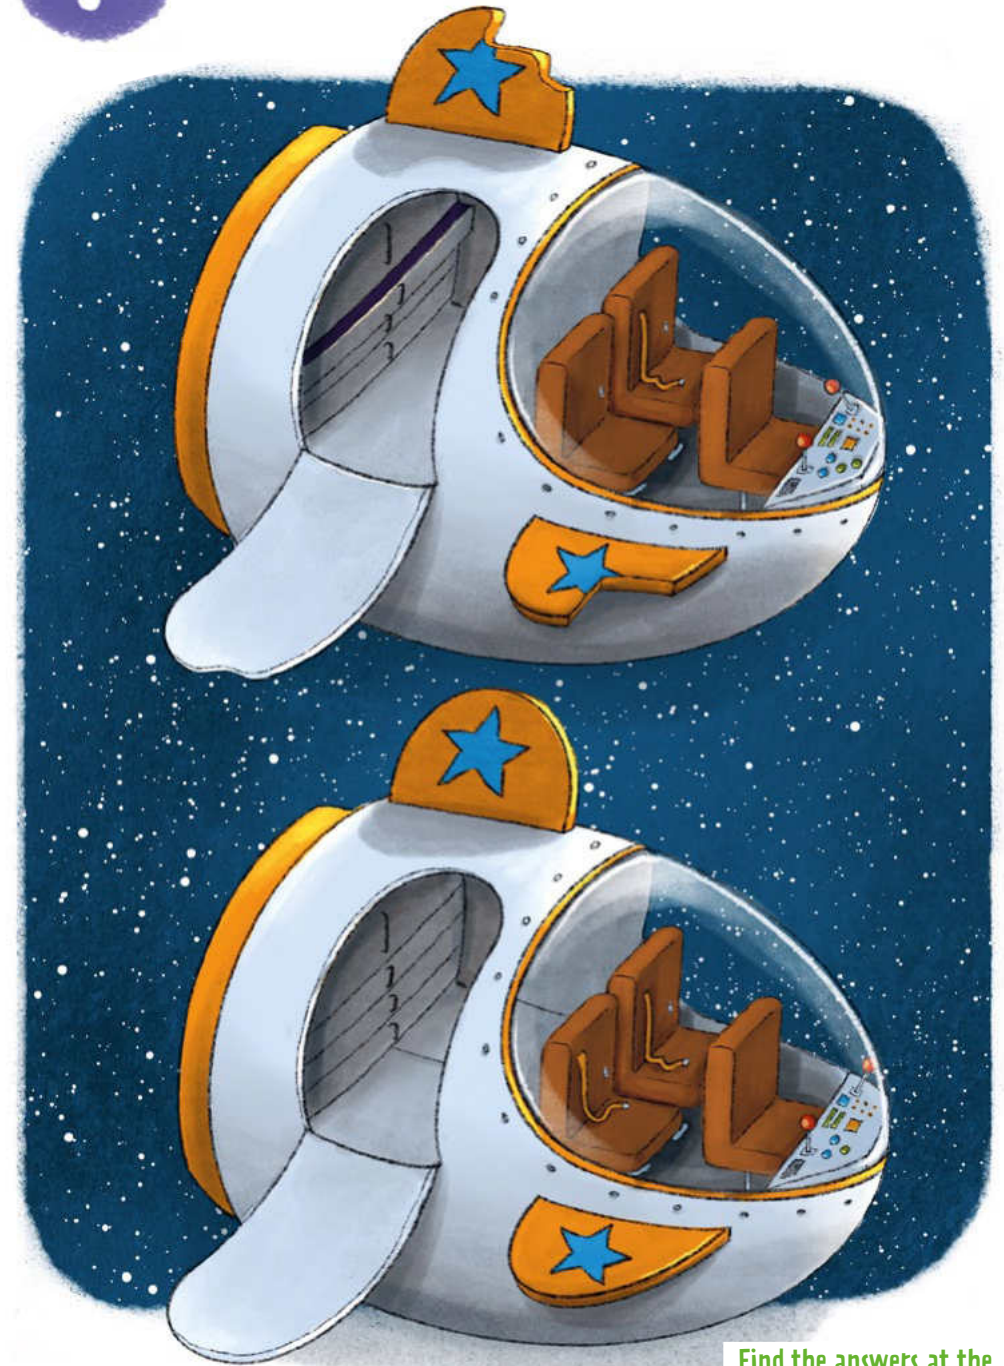

Thanks. You collect all the broken pieces. I'll fetch some tools.

We can do this!

CLAP!

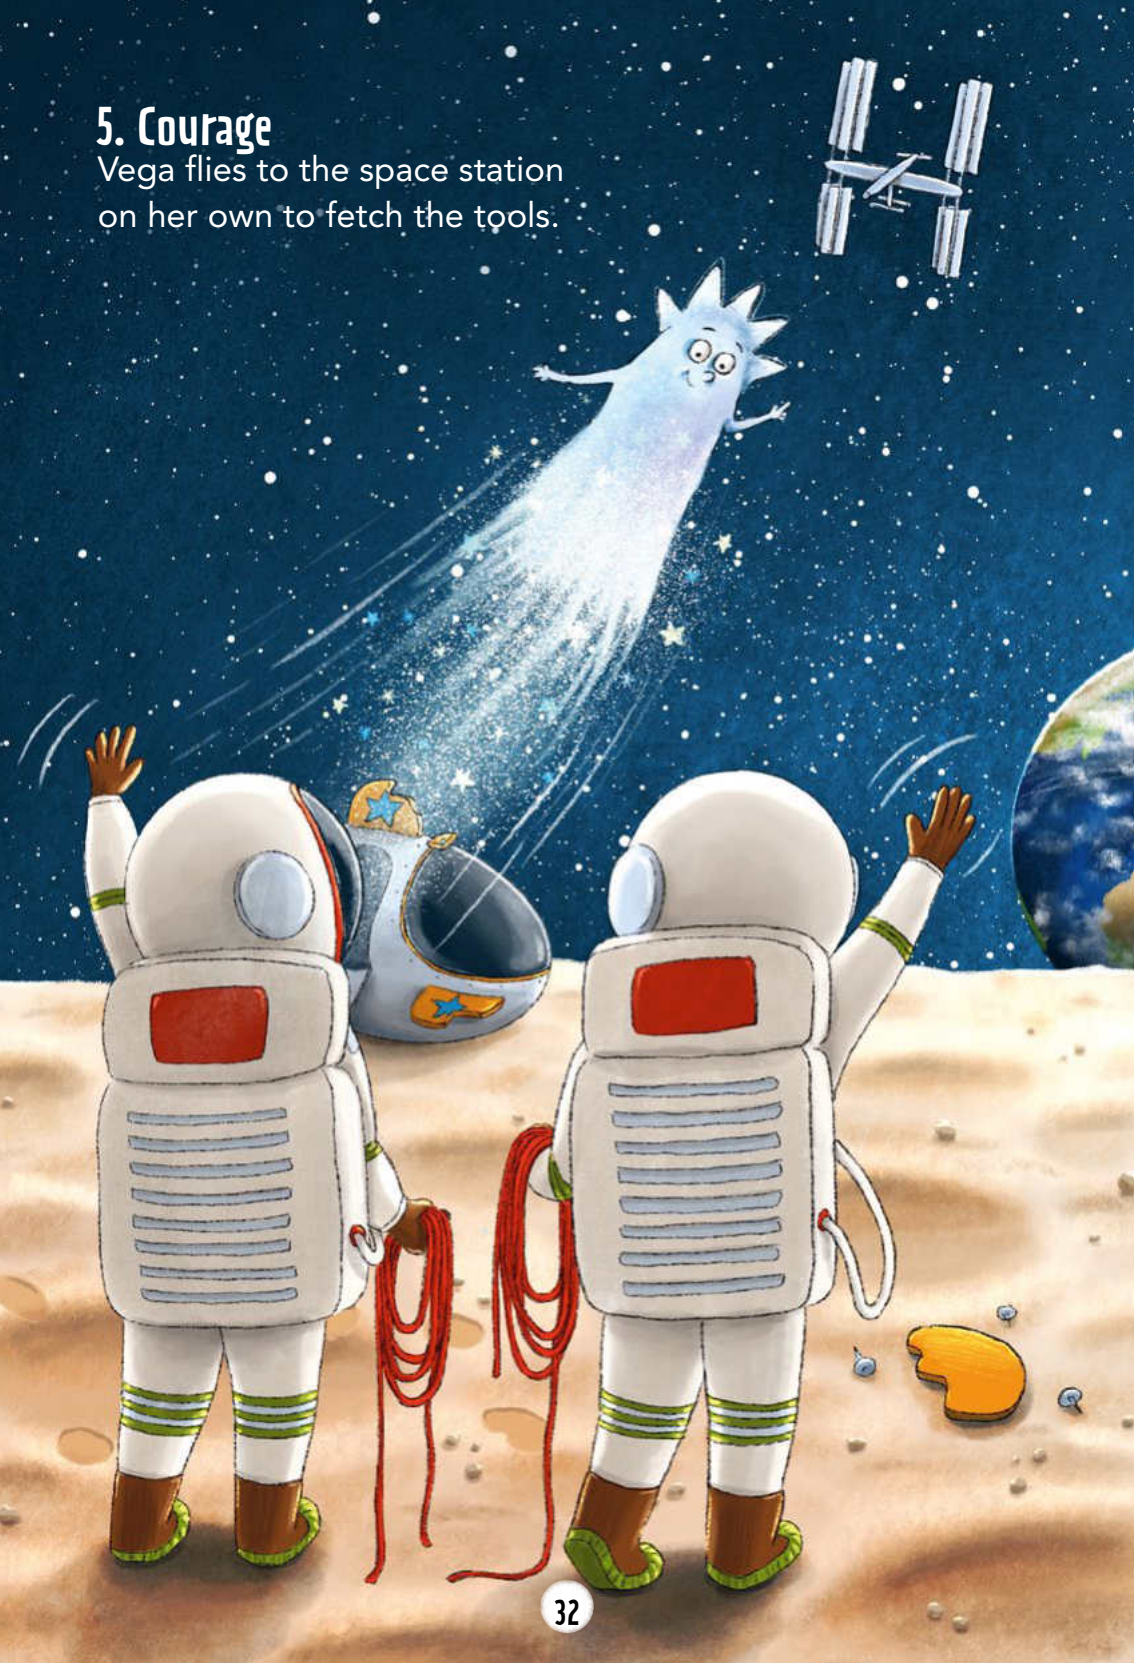

Join in!
Spot 10 differences.

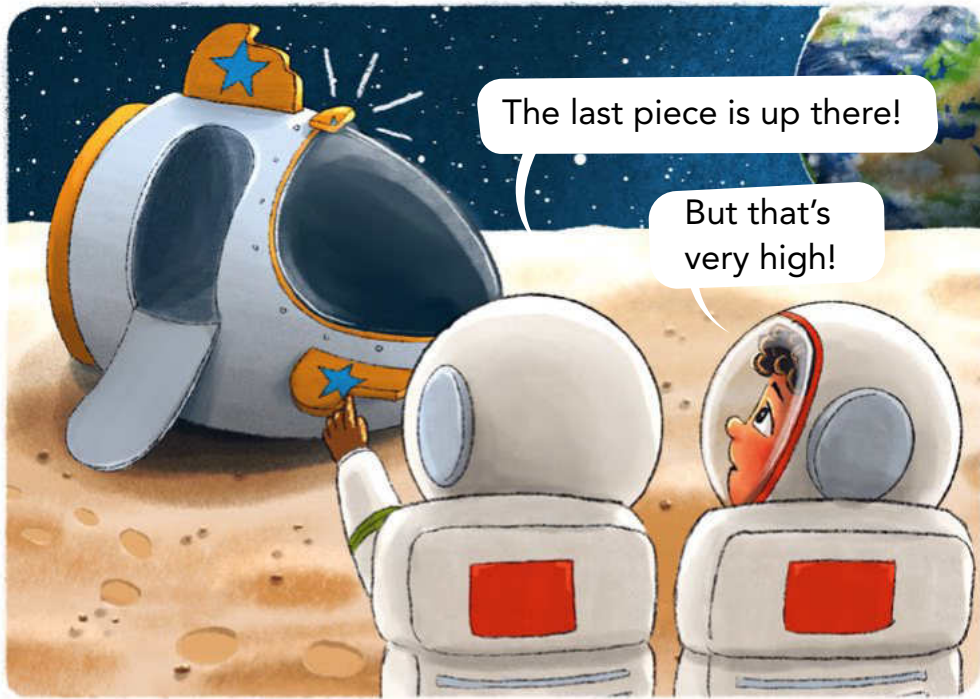

Find the answers at the back of the book on page 48.

5. Courage

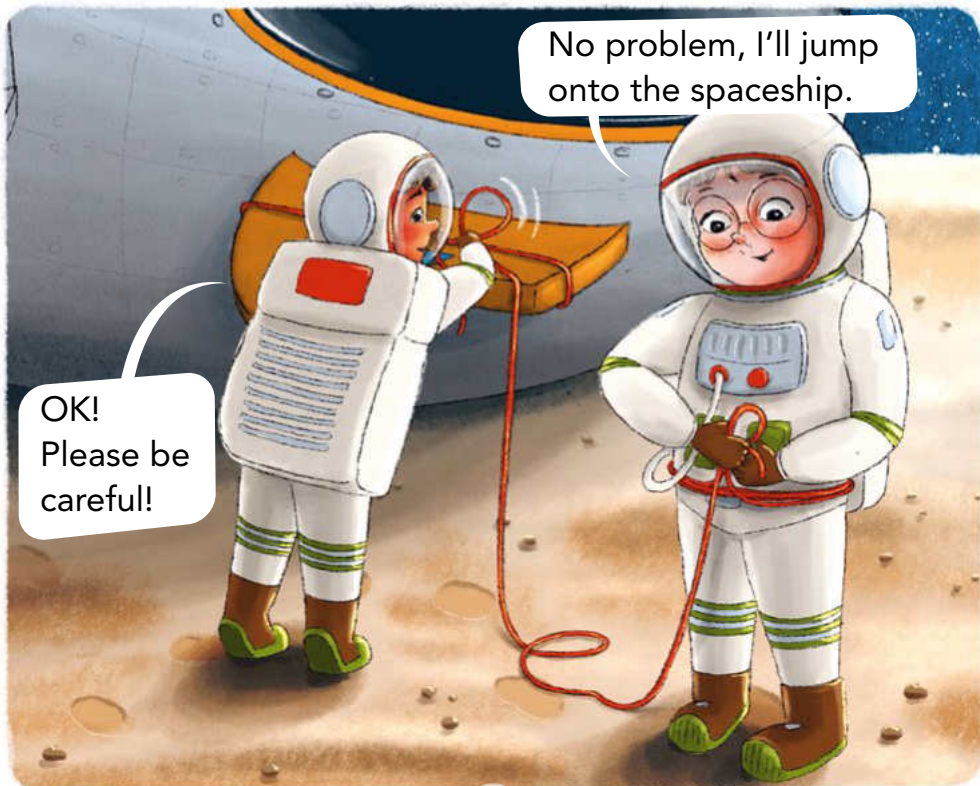

Vega flies to the space station on her own to fetch the tools.

The last piece is up there!

But that's very high!

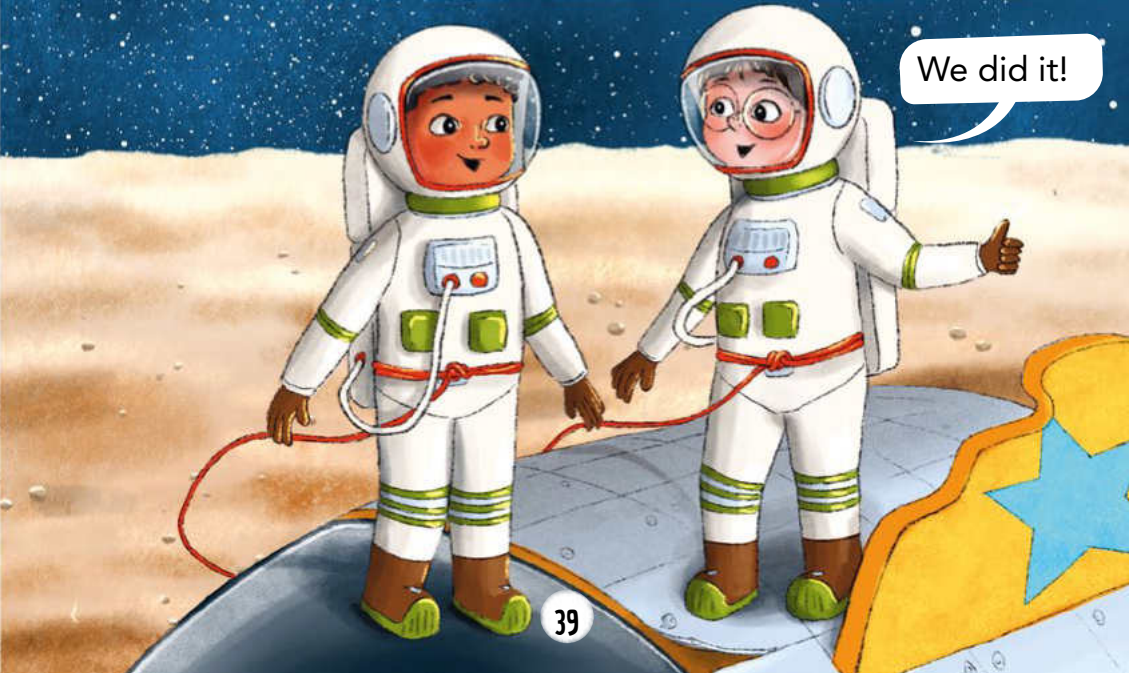

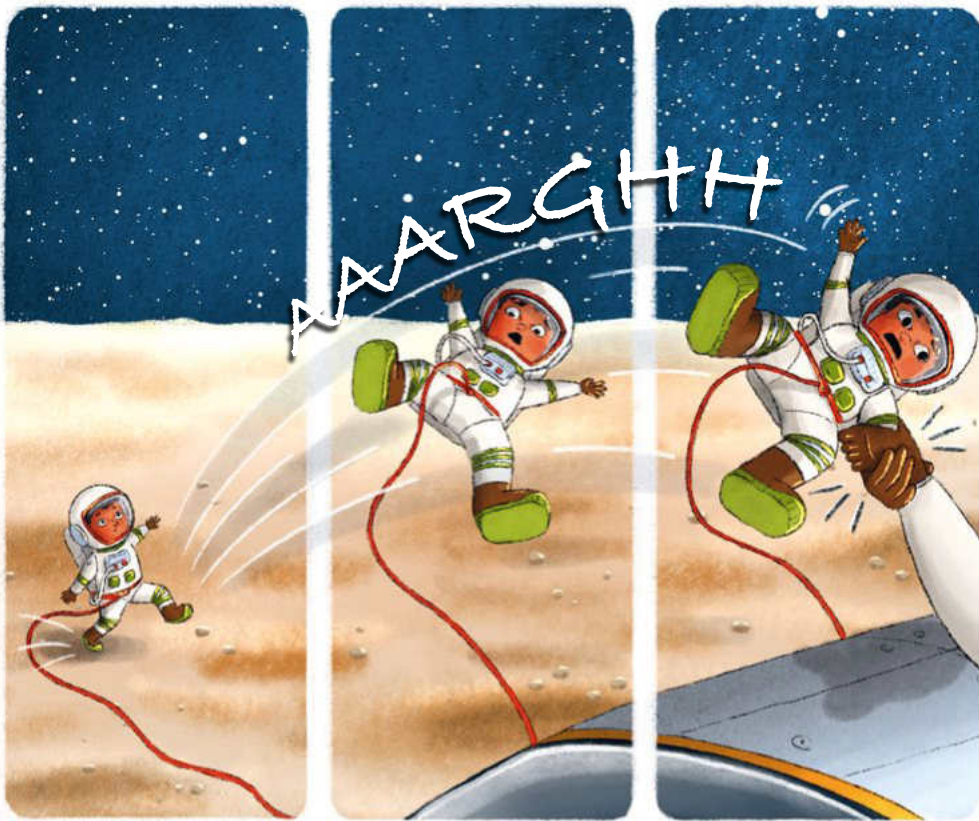

No problem, I'll jump onto the spaceship.

OK! Please be careful!

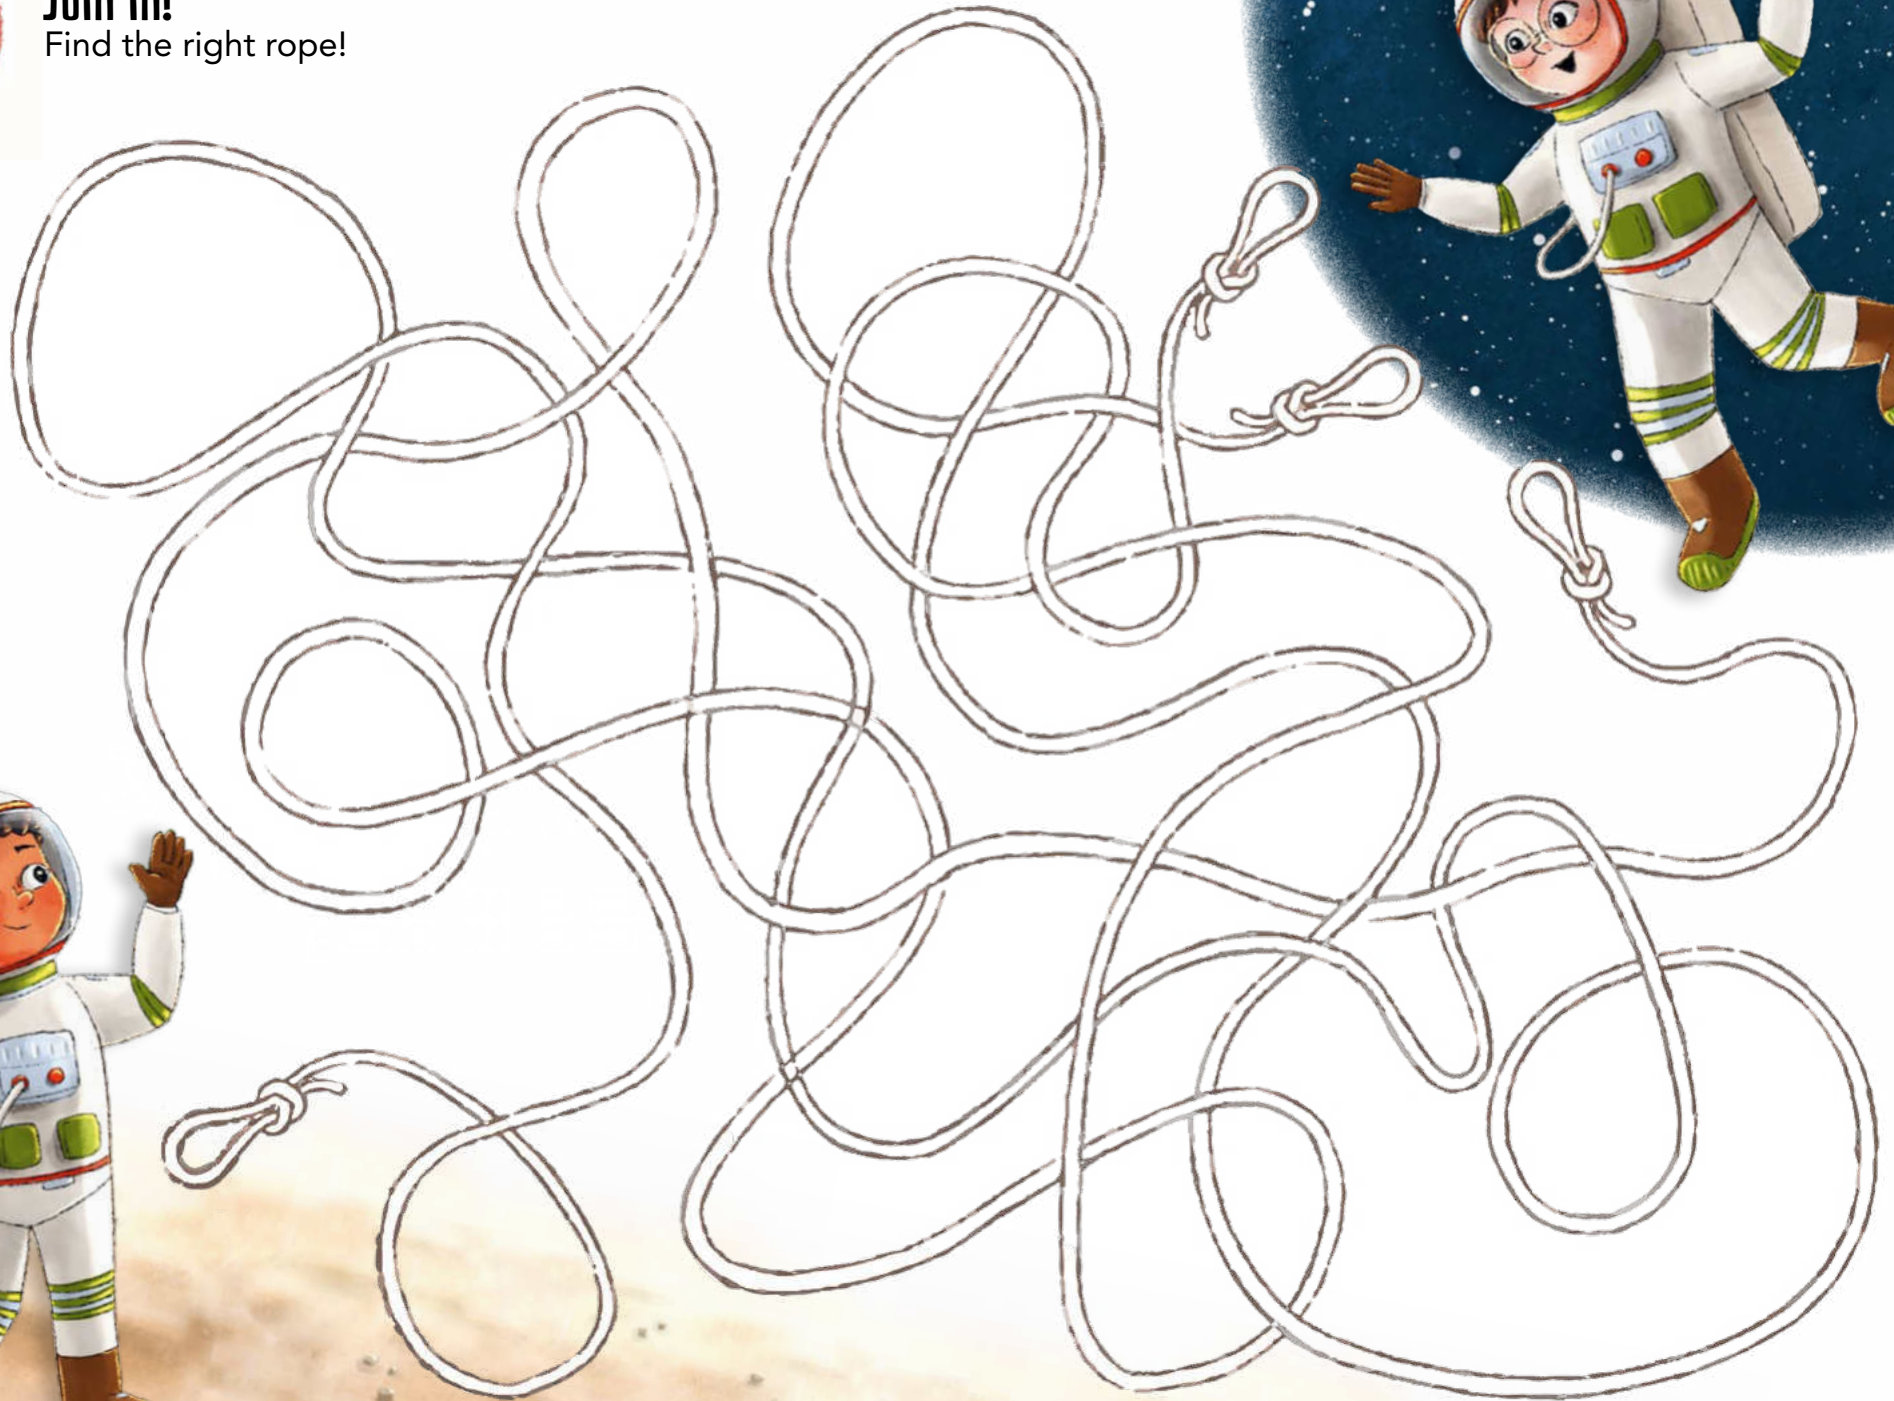

That was easy!
On the moon
you can jump
very high!

Join in!
Find the right rope!

6. The gift

Vega returns.

A little while later.

Everything's working again. We can start the engine!

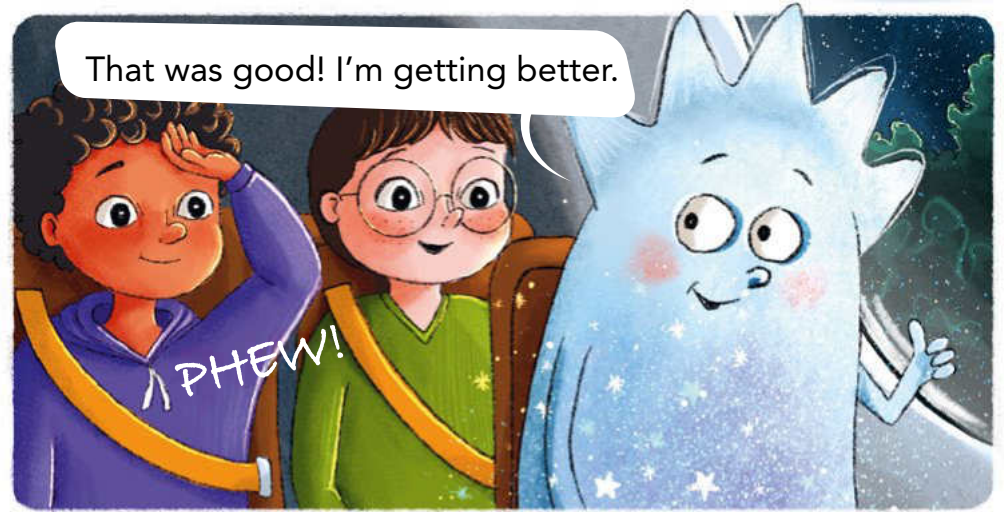

Hurray!

Shortly after...

That was good! I'm getting better.

A PHEW!

Here's a present for you. Thank you for your help.

Thank you!

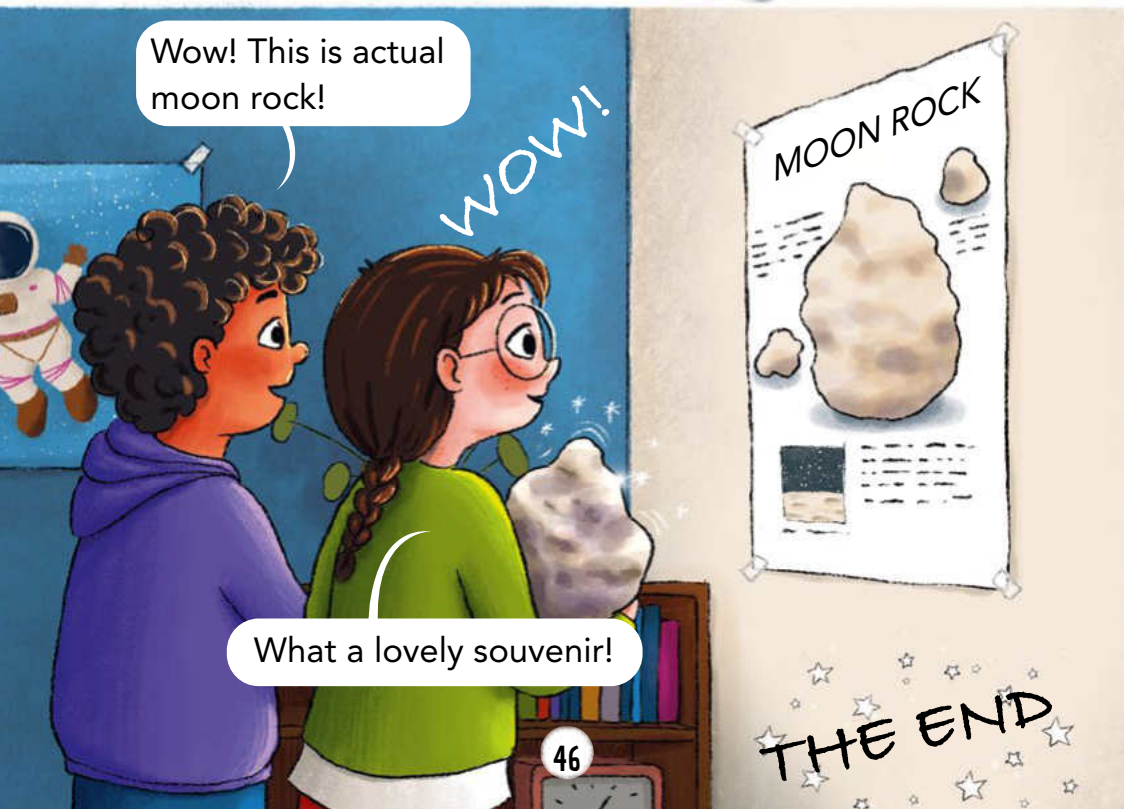

You're welcome.

Bye!

Thank you for the adventure!

Good bye!

Join in!

Find the correct answer.
Mark it with an X.

1. Which is the largest planet in our solar system?

- Mars
 Earth
 Jupiter

2. How many neighbouring planets does the Earth have?

Do you remember what they are called?

- 3: Neptune, Venus und Saturn
 7: Mercury, Venus, Mars, Jupiter, Saturn, Uranus and Neptune
 None

3. What do you think: How long does a real spaceship take to reach the moon?

- Several days
 Around 5 hours
 Several weeks

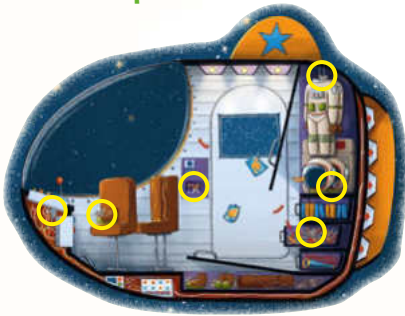

4. Can you breathe on the moon without a space suit?

- No, the moon has no atmosphere so there's no air to breathe
 Yes

5. What do you think: Do other planets also have a moon?

- Yes, for example, Saturn has around 140 moons
 No, Earth is the only planet that has a moon

Answers p. 22

Answers p. 31

Answers to quiz p. 47

1. Jupiter
2. 7: Mercury, Venus, Mars, Jupiter, Saturn, Uranus and Neptune
3. Several days
4. No, the moon has no atmosphere so there's no air to breathe
5. Yes, for example, Saturn has around 140 moons
